SUMMERFEST 2015

Stimulating and Incubating Interdisciplinary Research on Learning

Building on the successes of the Science of Learning Winter Institute 2014, 2015 and Summerfest 2014, we are pleased to present a series of public lectures, seminars as well as four methodology workshops and one grand challenge workshop to enhance our research capacity and to foster interdisciplinary research ideas. This year's Summerfest will be held from 16 June to 15 July. During this period, we are very privileged to have Professor Laura-Ann Petitto, HKU Sin Wai-Kin Distinguished Visiting Professor in the Humanities and Professor in Psychology Department of Gallaudet University, and Professor Kevin Dunbar, Research Visiting Professor of the University of Hong Kong and Director of the Laboratory for Complex Thinking, Creativity and Educational Neuroscience of the University of Maryland resident on our campus during this whole period, in addition to other scholars contributing to the events of the Summerfest.
